WATERPARKS ATTRACTIONS

01

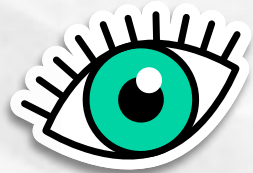

MINI SPLASH

The product is designed to provide maximum entertainment for children in narrow spaces. Mini Splash with its pentagonal structure, was used to make the child feel intertwined with nature by using relevant figures. While the interactive water games placed on the product increases the time spent by the child in the product, the transparent guard plates allow parents to observe their children.

WATERPARKS & ATTRACTIONS

MINI SPLASH 4 KIDS

Since the Splash Bucket is the structure that children have the most fun with in games, the bucket has been integrated into all series despite its small structural dimensions.

MINI BABOCHKA

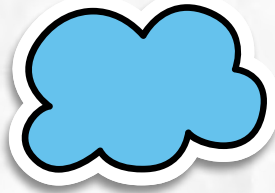

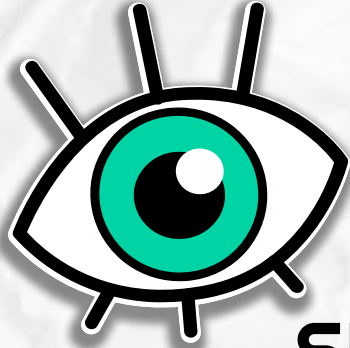

Scale down version of our
famous Babochka

03

SPLASH ADVENTURE

Splash Adventure is a wet adventure track where children develop their knowledge and skills while having fun with 8 different game options designed for them.

Polgün
WATERPARKS & ATTRACTIONS

To be remembered life time long

Dear partners,

As Polgün, we have started our Research & Development projects in 2019, and we have implemented the Polgün Splash Adventure wet ground adventure track in 2020. We believe that the Polgun Splash Adventure, where children and adults develop their physical skills, learn while having fun and experience the adventure game culture, as well as the pool and slide activities which are indispensable for holidays.

Reflecting the investigative, competitive, adventurous and sportive spirit of the new generation, Splash Adventure will not only be a reason for preference for your guests, but will also host memories that will be remembered for life time long with the spirit of adventure and competition they experience.

CEO, Polgün Waterparks

GAME 1
HANGING CIRCLES
(Upper Course Junior Game)

GAME 2
GEOMETRY BRIDGE
(Lower Course Junior Game)

GAME 3

CLIMBING WALL

(Upper Course Junior Game)

In the climbing game where mountaineering skills are developed, the hand-held apparatus prevents the user from stepping, allowing the user to climb only up to a certain height.

4. OYUN BARREL DREA

(Lower Course Junior Game)

It is aimed to improve the ability to stand in balance with balance walking on barrels with textured surfaces

GAME 5
ADVENTURE TUNNEL
(Upper Course Junior Game)

GAME 6
DRAWBRIDGE
(Lower Course Junior Game)
